**PROVIDING EMOTIONAL
SUPPORT TO KIDS WITH
PARENTS AFFECTED
BY CANCER.**

SUPPORT GROUP
FOR KIDS
POWERED BY

WHAT IT IS

FCancer has teamed up with Kids Connected to provide emotional support services to families where one of the parents has been diagnosed with cancer. We do this by co-hosting a Spanish-English bilingual, Los Angeles support group for children and by creating an online guide/curriculum for parents and kids who cannot make the support group in person.

OUR GOAL PREVENT. DETECT. UNITE.

Under FCancer's initiative to unite those affected by cancer, we create community programs that provide a network of support to help people thrive in spite of cancer. FCancer is committed to making an impact in supportive care for kids of parents, young adults, and/or caregivers who are impacted by cancer.

We are excited about our partnership with Kids Connected, an organization whose mission is to provide friendship, understanding, education, and support for youth who have a parent with cancer or have lost a parent to cancer. We have also enlisted our friends at Alma Family Services to provide one of their very best licensed clinical social workers to come alongside these children and their families to help cope with the affects of cancer.

Through our collaborative partnership, FCancer and Kids Connected will provide Spanish-English bilingual support group meetings for youth affected by a parent's cancer in the Los Angeles area. In addition, we will create a comprehensive digital supportive activities guide for families who cannot attend an in-person support group meeting.

WHERE

The support group is located at the Wellness Center, a culturally sensitive wellness and prevention hub in East Los Angeles at the historic Los Angeles County Hospital.

ADDRESS

1200 N. State Street, Los Angeles, CA 90033
